

2019 N.H. Laws, ch. 286 (SB 284)

- PUC must open an adjudicative proceeding by December 17 to determine
 - Governance, development, implementation, change management, and versioning of [a] statewide, multi-use, online energy data platform
 - Standards for data accuracy, retention, availability, privacy, and security
- Utilities must “design and operate” the platform, but with adult supervision (stakeholder input, PUC oversight)
- Green Button “connect my data” standard applies
- PUC may “defer” implementation if “the cost of such platform to be recovered from customers is unreasonable and not in the public interest
